

# Grange Academy providing CE classes in Ohio!

The Grange Academy has partnered with Carrara Companies to offer CE classes on Fire Damage Recovery and Water Damage Recovery. Each class is 3 hours in duration with a free continental breakfast and catered lunch being provided. These classes are being offered as a full-day session. Due to our partnering with Carrara we can offer these CE classes at a reduced rate. The cost for the one day session is: \$25 for agents and \$18.75 for Senior Partners.

These classes will be delivered by the Carrara Companies which was founded in 1996, providing commercial and residential cleaning and restoration services throughout Ohio. Each of the classes will offer valuable information on damage and recovery to property and electronic hardware/data following water and/or fire damage. This will help you provide improved service to your clients when a loss does occur.

## Schedule

### Continental Breakfast (8:30 - 9:00 AM)

**Water Damage Recovery (3 CE credits) (9-12 AM):** Will cover what happens after water damage and primary damage vs. secondary damage. There will also be discussion on the proper ways to clean up after water damage; which includes damage to documents and media in a home or business.

### Catered Lunch (12 - 1 PM)

**Fire Damage Recovery (3 CE credits) (1-4 PM):** This class will cover the cleaning and restoration process after a fire and how soft goods, hard surfaces and structures are preserved. The class will also cover electronic data and document recovery.
